

Flipkart plans to open 13,000 Kirana stores due to the upcoming festive season

E-commerce giant Flipkart has decided to open over 13,000 kirana stores across the country especially in the eastern region to deliver products faster to customers due to the upcoming festive season. The company also said that this is part of a program to onboard 50,000 kiranas to provide a faster and better-personalized experience to its e-commerce customers.
