

# **PM; take advantage of the opportunities and link it with your future prospects.**

On Thursday Ahead of the Union budget, the Prime Minister alerted the main push to infrastructure, manufacturing, mobility, technology, and urbanization and urged world investors to take advantage of the new opportunities available in a “vibrant democracy with a business-friendly environment and an enormous market”.

“I am inviting you personally, come and take advantage of the opportunities and link it with your future prospects. India is ready for any assistance that you may need,” the PM told a high-profile panel of global CEOs from ABB, Siemens, IBM, Mastercard, NEC Corporation, Ontario Teachers Pension Plan, and others at the World Economic Forum’s virtual summit.
