

Acer Swift 3 notebook launched in India

Acer Swift has made its debut in India by launching its first laptop in India, the Acer Swift 3 notebook. The laptop has an AMD Ryzen 5 4500U Processor with onboard Radeon Graphics and it has been claimed that it is India's first AMD Ryzen 4000 series mobile processor-powered laptop. According to the company's website, it has been known that the laptop will be available in silver color. And the expected price of the Acer Swift 3 notebook is Rs 59,999.

It will have a 14-inch full-HD IPS display with a screen resolution of 1,920×1,080 pixels and it is powered by the hexa-core AMD Ryzen 5 4500U processor, with up to 16GB of RAM. The device weighs about 1.2 kg and there is a 512GB PCIe Gen3 NVMe SSD for storage. The Acer Swift 3 will have 2 stereo speakers and the laptop will give you a good sound experience. Also, it will provide a 48Wh battery that will last for 11 hours on a single charge and a 30-minute charge can provide 4 hours of battery life in video playback and a 720p webcam.

Apart from these other features like for connectivity, it has WiFi 6, Bluetooth v5.0, a, one USB 2.0 port, and an HDMI port. Users will get a pre-installed 64-bit version of Windows 10 Home. This laptop comes up with a new feature that is Wake on Voice (WoV) feature which will allow users to activate their Windows 10 with just their voice, even when the screen is off. The laptop is available on sale on the company's website and soon it will be available on all e-commerce sites.
