

Excitel Declared Mega Broadband Sale For The User

Excitel, the broadband service provider, has launched on to the festive delight by putting forward its user's discounts and offers on its broadband plans. Under its new Mega Broadband Pagalpanti deal (Mbps), the company is offering exciting sales on its existing truly unlimited plans.

The new plans at speeds of 100 Mbps, 200 Mbps as well as 300 Mbps. The plans are available over 12 cities and they begin at just Rs. 399 per month for the 100 Mbps although 300 Mbps can be reached by paying just Rs. 499 per month.

The twelve cities where the plans are on sale include, Delhi-NCR, Hyderabad, Bengaluru, Vijayawada, Kanpur, Lucknow, Jaipur, Prayagraj, Jhansi, Unnao, Visakhapatnam, and Guntur. The company declares that they focus to hit across 50 cities by the end of 2021.

“With an explosion of smart devices, rising Internet penetration, and the advent of bandwidth-intensive graphical/video content and apps, ISPs and telcos will have to offer abundant usage at affordable prices to consumers in order to propel the growth of Broadband. All our plans are truly unlimited without any FUP or restriction of any kind on data usage, a feature which strangely no other ISP is providing, and ideally, everyone should.” Commenting on the sale offer, Said Vivek Raina, Excitel co-founder, and CEO.

The Fiber plans are handy with validity throughout the periods ranging from 30 days to 365 days. By opting for a higher sustainability period, the users will be able to store more on their internet connection. In case, the 1-month plan for the 100 Mbps plan will set you back Rs. 699. Yet, if you opt for the 12-months plan by paying Rs. 4,788, the cost per month

will reduce to just Rs. 399.
