Vi recently declared a new Internet of Solutions for businesses and enterprises. Vi noted that this is an industry-first initiative and that it has become the only telecom company in India to offer “a secure end-to-end IoT solution offering that comprises connectivity, hardware, network, application, analytics, security and support.”

Vi has also declared business postpaid plans and noted that these plans will help businesses communicate, collaborate, and connect so that they can operate from anywhere. It declared benefits like data pooling, mobile security, location tracking, and entertainment with these plans.

These benefits let business customers save on data wastage by managing their employees surplus data through a data pool, get real-time updates on the location of their field staff to ensure their employee safety and stay on top of all their operations, let business protect their company devices, no matter where their employees access them. The plans will also give employees a one-year subscription to Disney+ Hotstar to access its premium content.

“Introducing Vi Business Plus a suite of postpaid plans that give your employees the flexibility and freedom to function from anywhere, enabling you to strike the right balance between business priorities and employee well-being,” Vi on its Twitter handle had noted.

“A suite of postpaid plans that help your employees to function with more flexibility and freedom, from anywhere. These specially crafted plans help your teams communicate, collaborate, and connect efficiently, so that business goes on

as usual, no matter where they operate from. With plans starting at INR 299, these plans provide great value too," the telco noted on its website. To access these plans, users can visit the website for a callback or reach out to the telco at 1800 123 123 123.

The Business Plus plans also provide REDX with access to priority service, complimentary domestic and international lounge access, special international calling rates among other advantages. It also gives Postpaid Integrate that offers data sharing and cumulated rented discounts offer with up to 9 discounts in a group.
